

## KARANGA-A-HAPE STATION PRECINCT INTEGRATION

# Karanga-a-Hape Small Business Support Programme 2024

AUCKLAND'S FUTURE IN PROGRESS

# Getting ready for the City Rail Link

Auckland's city centre is progressing towards an exciting future, as part of the planned vision in the City Centre Masterplan.

Already downtown and Wynyard Quarter have undergone transformational upgrades, providing a different experience of urban life for people in these areas. The regeneration of midtown, around the new Te Waihorotiu Station, is currently underway.

In Karangahape, work is centred around the City Rail Link's Karangahape Station, where the entrances on Mercury Lane and Beresford Square will see up to 40,000 people use the station daily to get to work and study, as well as to the precinct's unique offering of arts, culture, hospitality and entertainment venues and activities.

Auckland Transport is working alongside the Link Alliance to integrate the new station into the surrounding neighbourhood.

Once complete, it will mean:

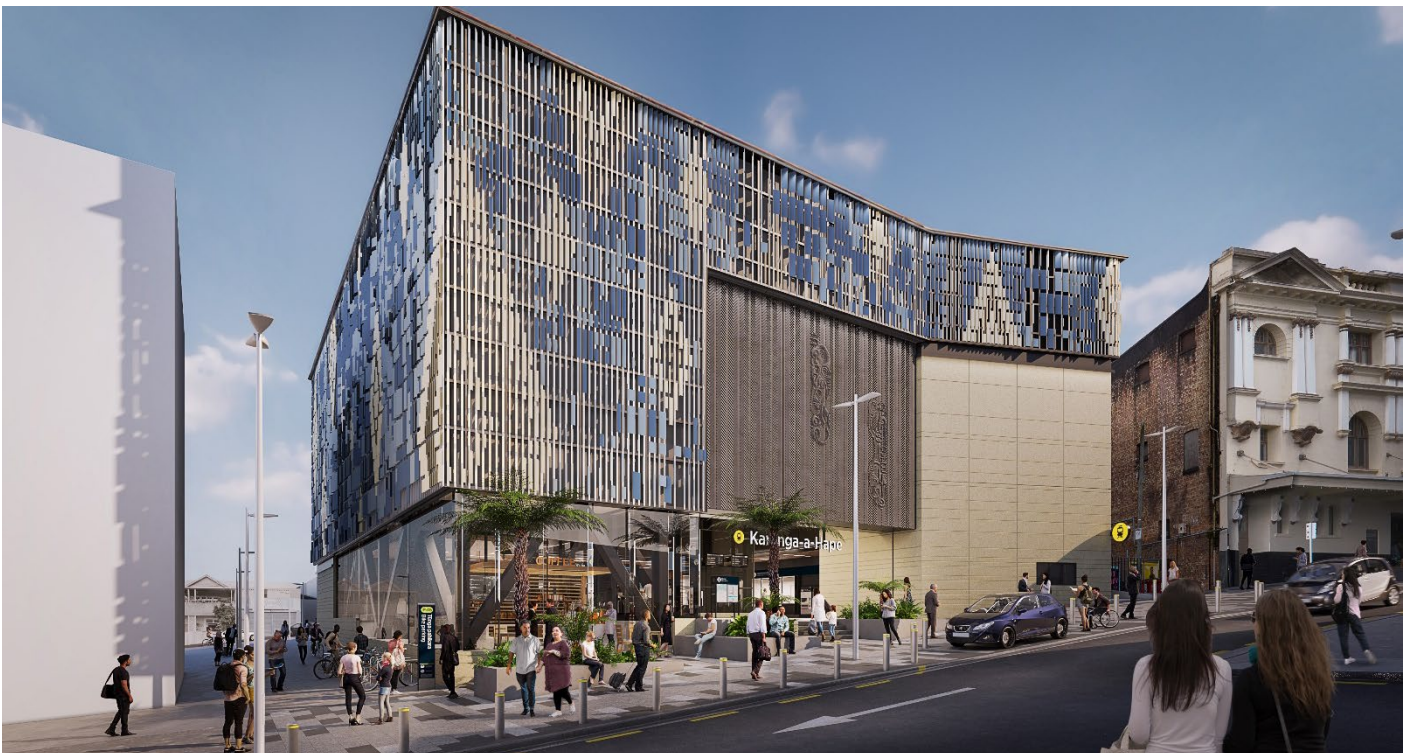

- Wide footpaths for people walking, with space for outdoor dining and activation.
- Easier, safer and more intuitive for pedestrians to move through, especially for people arriving and departing from the new station entrances.
- Easier for people arriving in the neighbourhood by bike to connect to existing cycling facilities.
- Improved connections between buses and trains.
- Unlocking additional high-density residential capacity and generating urban renewal within the inner-city fringe catchment.
- Award-winning architecture, design and artwork that tells the creation story of Tāne Mahuta, God of the forest, who pushed his parents Ranginui (the sky father) and Papatūānuku (the earth mother) apart to create light (day)

# Supporting businesses in Karangahape

We know that building an underground train station and improving infrastructure and streetscapes in the middle of a city comes with disruption. Being a good neighbour is important to us.

That's why the Auckland Council whānau, including Auckland Transport, have built on the existing Link Alliance Small Business Support Programme to expand support for businesses during construction of precinct improvements, including around Karangahape Station.

This programme was developed with the support of local business associations.

## How the Small Business Support Programme works

This programme offers tailored support and services to help businesses boost resilience and adapt to the changing environment, and prepare to take advantage of the opportunities that will come with the City Rail Link (CRL) and the regeneration of the Karangahape Road area.

It is part of a comprehensive approach to supporting business through construction – including things like minimising noise and disruption, maintaining access and wayfinding, wellbeing support, and a programme of activities to ensure Karangahape still feels as vibrant and attractive as possible during construction.

Key to the programme is an independent business connector who works with businesses to help identify their specific needs and guide them towards existing support options, including a \$3000 business support microgrant.

Auckland Council will also work with businesses to enable expanded outdoor dining in new streetscapes (where permitted by the Street Trading Bylaw). Customised support may include help with understanding and completing licensing requirements, licence fees and equipment.

### Introducing William Keung, independent business connector

Building on his recent work for CRL in midtown and Karangahape, William Keung from WERKITS Ltd and his team are adept at identifying solutions to the challenges of operating a business in a construction zone. Their remit is wide, and the team can provide marketing advice, mentoring and access to an extensive network of professional services for advice outside their own expertise. This is a free, independent, tailored service. Your conversations with William are confidential and will not be shared with Auckland Council or Auckland Transport unless you want them to be.

## Annual microgrants to small businesses in Karangahape

Businesses impacted by construction in Karangahape can apply for a grant of up to \$3,000 per year.

To be eligible your business must be:

- a retail, service or hospitality business within the area shaded in blue\* in map below and
- located on the ground or first floor and impacted negatively by construction disruption, and
- have fewer than 20 full-time equivalent employees or contractors.

The independent business connector will work with you to tailor your grant application according to your specific business needs.

For 2024, the grant amount is up to \$3,000 per business and must be used within six months of application.

Successful applicants will be required to provide proof of purchase or equivalent evidence that the grant was used for the approved purpose, and be asked to complete a survey about their experience of the Small Business Support Programme.

### Eligible area:

### What can grants be used for?

Grants must be used to help businesses grow resilience or adapt to the changing environment during disruption, or prepare to take advantage of the new public spaces following construction, such as:

#### Digital and other marketing

- Development of e-commerce and social media commerce platforms
- Social media strategy
- Social media advertising
- Other advertising or promotional initiatives

#### Shopfronts

- Increasing the attractiveness of your frontage and/or outdoor space
- Maintenance or equipment such as signage, outdoor dining furniture, heating or shelter

#### Business adaptation or innovation

- Exploring new products or services to meet the needs of changing customer needs in the area

#### Wellbeing

- Resilience support or training for owners or staff
- Counselling, mindfulness training, yoga sessions or other activities to address stress and support physical wellbeing

### How to apply

If you'd like support for your small business, simply contact us at [citycentre@aucklandcouncil.govt.nz](mailto:citycentre@aucklandcouncil.govt.nz).

If you'd like to apply for a microgrant, our independent business connectors will walk you through the application process. They'll meet with you to discuss your needs and help you complete the simple application form. They'll then add their comments to help us consider your application, and submit it direct to the funder (Auckland Council or Link Alliance\*) on your behalf.

If your application is successful, they'll help you provide the necessary paperwork to receive payment. Refer to the grant application form for more details, terms and conditions.

\* This programme is delivered in coordination with the Link Alliance Small Business Support Programme associated with the City Rail Link Project. Link Alliance will consider applications from businesses in the area shaded in blue, and Auckland Council will consider the remaining areas shaded in yellow. Eligible businesses may receive grants from only one organisation, not both.

# SUPPORTING BUSINESSES IN KARANGAHAPE

## Grant Application - Auckland Council Small Business Support Programme

### About your business

**Business name:** \_\_\_\_\_ **Business No (NZBN):** \_\_\_\_\_

**Contact Person:** \_\_\_\_\_

**Physical Address:** \_\_\_\_\_
